

# RETHINKING BARCELONA ENERGIA

From Xse, a participative process has been promoted, transforming and democratic, to open Barcelona Energia to the citizens, achieving an energy model more fair and sustainable

## A SPACE OF PUBLIC-COMMUNAL MANAGEMENT

An open on-site and online process, of collective intelligence

A corresponsibility site where everyone takes part in equality

With entities and persons, from the most technical sectors to the concerned parties

FOR MORE INFO [WWW.XSE.CAT](http://WWW.XSE.CAT)

## TO OPENLY DECIDE ENERGY POLICY

TO WHOM IS ENERGY BOUGHT AND SOLD?

WHICH ARE THE GENERATION SOURCES?

HOW DOES THE DISTRIBUTION NETWORK INTEGRATE?

HOW ARE RATES SET?

HOW IS ENERGY POVERTY DEALT WITH?

## PROPOSALS AND DEMANDS

PARTICIPATORY AND BINDING SPACES

In public policies as well as for Barcelona Energia

OPEN AND PLURAL SPACES

Where a broad spectrum of citizenry is represented

CONTROL AND TRANSPARENCY MECHANISMS

With means to supervise the activity (accessible indicators and disaggregated data)

DIVERSE LEVELS DIALOGUE

- CITIZEN CONSULTATIONS: For the most strategic decisions
- DEBATE AGORA: Citizen empowerment and discussion in the districts
- ASSEMBLY: Inclusive decision-making body, to discuss policy-strategic propositions and evaluate consensus
- REPRESENTATIVE SITE: with members of various backgrounds who would be chosen in the Assembly
